

SONDEX®
by Danfoss

Expertise, experience and quality

Exceeding our customers expectations is just the beginning

HVAC, Refrigeration and Industrial

- Designed and manufactured to AS1210, PED and ASME
- Your choice of stainless bolts, frames and components
- Plate to AISI 304ss 316ss Titanium 254 SMO C276 Hastelloy
- Service agreements, technical support, on/off site maintenance

With the costs of energy soaring, the cost of servicing is nothing compared to the cost of not servicing, both in equipment life and operational costs.

Maintenance and Productivity

- All plate makes and models
- All sizes and all locations
- All work guaranteed
- Save on operating costs
- Go green on energy
- Pool and Spa
- Hotels and Hospitals
- Industrial and Mining
- Power Stations

As an O.E.M, Sondex have fast become Australia's leading plate heat exchanger designer, manufacturer and service provider.

With highly trained technicians, fully backed by an engineering design service and global supply company.

SONDEX Geothermal

- Power Generation
- Hotel Heating
- Pool Heating
- Home Heating
- Domestic Hot Water Heating

Using best practice engineering, sophisticated R&D and customer focused solutions, Sondex have gone way beyond the 'old way' of plate design.

Sondex have developed a new generation plate that reduces fouling effects, extends operational life and is continuing to prove to be the world's most competitive solution.

Petrochemical – Oil and Gas

- Designed and manufactured to AS/NZ1210, ASME U stamped
- Your choice of stainless bolts, frames and components
- Plate to AISI 304ss 316ss, Titanium 254-SMO, Hastelloy C276
- National service agreements, technical support, on/off site maintenance
- Desalting Process
- Desulphurization
- Petrochemical Industries
- Wastewater Treatment
- Gas Dehydration
- Gas Compression
- Chemical Processing
- Reduction in leakage
- Use of corrosive resistant materials
- Reduction in fouling
- Use of laser, MAG or TIC welded
