

SONDEX®
by Danfoss

SONDEX Geothermal

The next generation in heat exchangers

Sondex by Danfoss – a global Danish company, have invested heavily in producing Plate heat exchangers which are now leading the world in Geothermal cogeneration, thermal storage and heat recovery.

Using best practice engineering, sophisticated R&D and customer focused solutions, Sondex have gone way beyond the “old way” of plate design. Sondex have developed a new generation plate that reduces fouling effects, extends operational life and is continuing to prove to be the world’s most competitive solution.

- Power Generation
- Hotel Heating
- Pool Heating
- Home Heating
- Domestic Hot Water Heating
